

You have the desire to explore the open road and zūmo™ was born to ride.

You were made for each other. zūmo

the navigator that's born to ride

is built specifically for motorcycles with

glove-friendly left-handed controls, a

sunlight-readable, UV-resistant screen,

preloaded maps and voice prompts with

turn-by-turn directions. With a motorcycle

and automotive mount, zūmo can go with

you whether you are riding or driving.

And to express your wild side, you can

even trick out your zūmo with

custom caps available for purchase. With

a motorcycle console for trip information

and fuel gauge, an MP3 player, JPEG

picture viewer, optional XM™ Satellite

Radio* and enabled Bluetooth®, this is

one functional GPS navigator.

Full throttle onward.

*optional add-ons sold separately

Moving map features

Storage: Preprogrammed with City Navigator® NT, providing street-level detail and addresses, plus listings of restaurants, hotels, ATMs, etc. The zūmo 550 offers full coverage throughout North America, Europe, Australia or New Zealand. The zūmo 500 is preloaded with regional coverage only.

Map scale: Screen-width scale 640 feet to 4,000 miles

Navigation features

Routes: Automatically calculated with turn-by-turn instructions; automatic off-route recalc shows how to get back on track if you miss a turn or exit; a detour function enables routing around traffic problems or road construction

Voice: Navigation instructions and warnings. zūmo 550 provides the addition of TTS (text-to-speech) – unit prompts you to “turn right on Main street”

Traffic: Alerts for traffic, road construction and weather-related tie-ups. The zūmo uses data to suggest alternate routes before problems are encountered

Waypoints: 500 with name and graphic symbol

Trip computer: Resettable odometer, timers, average and maximum speeds

Calling options

Hands-free calling: When paired with Bluetooth®-enabled cell phones, users can simply touch the zūmo screen to answer or disconnect a call.

Phone book: Stores contact numbers from paired phones

Dialing: One-touch dialing for stored contacts, points of interest (POI dial) or home. Phones that support voice tags allow hands-free (voice recognition) dialing

Theft prevention

Garmin Lock: When enabled, user must input PIN number to use device. Backup feature allows user to associate a security location, which will unlock unit when within 50 meters of that location

Download options

Location-based content: Garmin Travel Guide™, SaversGuide® and custom points of interest (POIs). Preloaded safety camera database for Europe.

Others: Customized vehicle icons for moving map

GPS performance

Receiver: SiRFstarIII™ high-sensitivity GPS receiver

Interfaces: USB 2.0 full-speed

Antenna: Built-in patch; MCX-type connector for optional external GPS antenna connection

Physical

Size: 4.4"W x 3.2"H x 2.8"D (11.3 x 8.2 x 7.2 cm)

Weight: .59 pounds (269 g)

Display: 2.8"W x 2.1"H (7.2 x 5.4 cm); 320 x 240 pixels; bright, 16-bit LCD, with white backlight and touch screen

Case: IPX7 waterproof

Temp. range: 32°F to 140°F (0°C to 60°C)

Power

Input: 12/24v DC

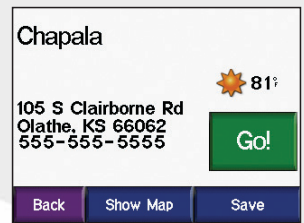

Usage: 15w max. @ 13.8v DC

Battery life: up to 3 hours
